

OUR MISSION

Crownville's mission is to advance advocacy and support for children (especially those in crisis), through innovative programs and resources, that address children's emotional challenges and needs; while helping them develop strong principles, communication skills and character.

OUR VISION

Our vision is to be a leading advocate for children, with a focus on increasing stability for underserved children and their families by addressing untreated trauma and advancing the overall human dignity of children...to help children thrive.

OUR FOCUS

Crownville is committed to the enrichment, development and support of children. It provides programming and services that address the effects of the complex, social challenges facing today's children. Some of those include, but are not limited to: community ailments from poverty, neglect, trauma, racism, and other childhood

CROWNVILLE PREPARES YOUNG

Children and the Next
Generation to be:

Adequately Prepared

Crownville helps develop children so they are able to deal with adversity and manage their emotions and feelings; to successfully navigate through complex issues, environments and situations.

Civic and Community Centered

Crownville focuses on developing a strong sense of community, sense of place and belief in service. Each Crownville principle reinforces a community-centric approach.

Personally Responsible

Crownville emphasizes character, personal integrity, morals and values; working to reinforce strong habits that grow strong character.

Purpose-Driven Leaders

Crownville aims to intentionally help children establish purpose and demonstrate their understanding of their value in the world. Crownville provides the critical engagement to help children develop into ambitious leaders who are able to find their purpose, goal set, advocate and conquer challenges, earlier in life.

I created
Crownville
to be what
I needed as
a child.”
